Profile

Motivated IT professional with a solid foundation in programming, web development, and data analysis. Proficient in Java and Python, with hands-on experience building responsive web apps using HTML, CSS, JavaScript, and Flask . Skilled in SQL across MySQL and Oracle and in creating dashboards with Power BI and Tableau . A quick learner with strong problem-solving skills, eager to contribute to innovative, tech-driven projects

Education

B-Tech : Computer Science And Artificial Intelligence(CAI) St. Johns College of Engineering and Technology	2022 – 2026
Secondary School of Certification(SSC) Sri Vivekananda English Medium High School	2020
Intermediate Dr. Jyothirmayi Junior College, Adoni	2022

Professional Experience

Skill Dzure Internship Web development Completed a Web Development internship and learnt front-end technologies: HTML, CSS, and JS	05/2025 – 06/2025
Vault Of Codes Internship AI & Prompt Engineering Completed AI & Prompt Engineering internships and gained knowledge of prompt engineering.	05/2025

Projects

Weather Forecast  Tech Stack: HTML, CSS, JavaScript, OpenWeatherMap API Description: Built a responsive weather app showing real-time data and 24-hour forecasts with dynamic backgrounds.	06/2025
Personal Portfolio Website  Tech Stack: HTML, CSS, JavaScript Description: : Developed a responsive portfolio site with project showcases, contact form, downloadable resume, and smooth UI.	07/2025
Smart Multi Calculator  Tech Stack: HTML, CSS, JavaScript, Flask Description: Created a responsive and efficient web app consolidating 12+ calculators (scientific, BMI, EMI, currency, age, etc.) into one platform, with focus on clean UI and fast performance.	07/2025
Rock Paper Scissor Game  Tech Stack : HTML, CSS, JavaScript Description : Developed an interactive web game with multiple modes, animations, sound effects, achievements, and responsive design for an engaging user experience.	09/2025

Technical Skills

Programming Languages

Core Java, Python.

Data Visualization

Power BI, Tableau

Web Technologies

HTML, CSS, JS, Flask

Tools & Platforms

VS Code, MySQL, MS Office(Word, Excel, PowerPoint).

Database Management

SQL, Oracle.

Concepts

Object-Oriented Programming (OOP), Basic Data Structures and Algorithms

Interests

- Coding & Problem-Solving
- Learning new Technologies
- Cooking
- Music & Travel
- Watching Movies.
